

## IS THERE A MINIMUM AGE FOR THROWING?

There sure is! We require throwers to be aged 11 years. Participants aged 11-17 will require a responsible adult onsite for the duration of their visit, in addition to a waiver signed by their parent or guardian. We require one responsible adult onsite for every 15 minors in their care.

Little ones are welcome to come along and watch all the action take place - we often find that they make the best cheer squad!

## WILL SOMEONE TEACH ME HOW TO THROW AN AXE?

Yes! Our Hatchet House Axe-pert coaches will teach you how to throw, offering tips and guidance to help you hone your new skills throughout your session. You'll be hitting bullseyes in no time!

## WHAT ARE YOUR HOURS?

Monday to Saturday -

Sunday & Public Holiday -

## IS IT SAFE?

It is safer to throw axes with us than to cross the street. Throwers are constantly monitored, with one axe expert observing a pair of throwers and offering feedback. We have a comprehensive safety and induction approach and an unmatched safety record.

## WHAT ARE YOUR "HOUSE RULES"?

It's important to us that everyone has a great time at Hatchet House. You must always abide by the below rules when you're on site.

We have a zero-tolerance policy to aggressive, anti-social, abusive or otherwise unsafe behavior. Anyone who shows any sign of this type of behavior will be asked to leave the premises immediately, without refund.

To participate in axe throwing activities all participants must agree to our Terms and Conditions, as set out in our Waiver.

Participants must be 18 years of age (or 11 years of age with a parent or guardian present). Venue Staff may ask to see photo ID.

Closed-toed shoes must be worn at all times when participating in axe throwing events.

You must obey the instructions of venue staff at all times - this is for your own safety and the safety of those around you.

All axes must remain in the throwing area at all times.

Please respect our Neighbours as you leave the premises and keep noise to a minimum.

## IS THE AXE HEAVY?

Our regular axes weigh about 0.8 KG to 1.5 KG and are made of raw steel with Wooden/Fiber handle. Most people don't consider the axe to be very heavy. You may throw the axe with 1 hand or 2 hands, whichever feels most comfortable for you. Our coaches will help you find the technique that works best for you.

## ARE CAMERAS ALLOWED?

Abso-freaking-lutely! We LOVE to see your axe throwing pictures and videos, so remember to tag us and use our hashtag:

**@clubo7 @hatchethouse #clubo7**

## Note :

Only one person allowed in axe throwing alley at a time. Participant has to collect the axe on their own. Other person must have to stand out of the alley due to Safety Rules.
